

dATP Solution (100 mM)

Product Information

Cat#	DIA-481
Description	Provides $\geq 99\%$ pure deoxyribonucleotide triphosphates: dATP, dGTP, dCTP, dTTP, and dUTP. The premixed dNTP solution contains 25 mM each of dATP, dGTP, dCTP, and dTTP. Individually, the five dNTPs are supplied at 100 mM in 1 mL and 100 mL packaging options. Applicable for qPCR, RT-qPCR, gene sequencing, and diagnostic research.
Storage	$-20\text{ }^{\circ}\text{C}$
Purity	HPLC purity $\geq 99\%$
Notes	Long-term stability
Package	1/100 mL
