

dTTP Solution (100 mM)

Product Information

Cat#	DIA-482
- Catir	DIA-402
Description	Provides ≥ 99% pure deoxyribonucleotide triphosphates: dATP, dGTP, dCTP, dTTP, and dUTP. The premixed dNTP solution contains 25 mM each of dATP, dGTP, dCTP, and dTTP. Individually, the five dNTPs are supplied at 100 mM in 1 mL and 100 mL packaging options. Applicable for qPCR, RT-qPCR, gene sequencing, and diagnostic research.
Storage	–20 °C
Purity	HPLC purity ≥ 99%
Notes	Long-term stability
Package	1/100 mL
