

## Soil Cellulase (S-CL) Activity Assay Kit (Microplate Method)

### Product Information

<b>Cat#</b>	Kit-025
<b>Description</b>	A microplate-based assay for rapid and high-throughput analysis of soil cellulase activity.
<b>Storage</b>	2–8 °C
<b>Applications</b>	Screening of soil microbial activity Carbon cycling research Environmental monitoring
<b>Notes</b>	Shelf life: 3 Months
