

## **Soil Urease (S-UE) Activity Assay Kit (Spectrophotometric Method)**

### **Product Information**

<b>Cat#</b>	Kit-030
<b>Description</b>	A spectrophotometric kit for measuring soil urease activity, an indicator of nitrogen transformation capacity.
<b>Storage</b>	2–8 °C
<b>Applications</b>	Soil nitrogen cycling studies Fertilizer efficiency evaluation Agricultural and environmental research
<b>Notes</b>	Shelf life: 6 Months
