High Purity Standard Malt Amylase

Product Information

Cat#	DIA-535
Source	Hordeum Vulgare
Description	High purity malt amylase standard for use in research, biochemical enzyme assays and in vitro diagnostic analysis.
Storage	Below -10 °C
Enzyme Commission Number	EC 3.2.1
Stability	> 2 years under recommended storage conditions
Optimum pH	4.6
Buffer	50% (v/v) glycerol
