

Creative Enzymes

Diagnostic Enzymes

Alkaline Phosphatase, 10 U/mg Protein, E. Coli, Ammonium Sulfate Suspension

Product Information

Cat#	TRA-067
Specification	10mg
Description	Alkaline phosphatase (E. coli-derived) is suitable for genetic engineering research and basic dephosphorylation experiments.
CAS No.	9001-78-9
Activity	10 U/mg
Storage	Store at 4°C for 3 years.
